The Scholarship

Bachelor's degree recipients may be funded for up-to four years of study.

As a need-based scholarship, the amount of financial support provided will depend on the cost of attendance determined by the in-state college or university in which you are enrolling. That means your scholarship funds will only be applied after your family contribution and all other financial aid sources have been granted, greatly reducing the need for you to take out loans and incur educational debt related to the cost of attendance.

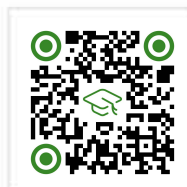

We've awarded more than \$12 million in scholarships to more than 750 students since 2023*

* Awards through the 2024-25 school year
